Starting Sales of the SORANO HOTEL Anniversary Plan for Special Celebrations Attentive Coordination of Dinners, Parties, and Banquets by Our Guest Services Team

The SORANO HOTEL [Tachikawa, Tokyo; Tachihi Hospitality Management Co., Ltd.; Hiroyuki Sakamoto, Director & COO] has started sales of its Anniversary Plan due to the popular use of its restaurant for birthdays and anniversaries. In addition to offering basic cake and bouquet arrangements, the hotel's guest services team attentively coordinates special occasions, incorporating guest requests into the plan.

While recognizing guest demand for using a hotel to celebrate special occasions, including birthdays, anniversaries, longevity, prenuptial meetings of the families, and baby's first meal, the SORANO HOTEL offers services on which customized arrangements are made based on the purpose of the occasion and differing needs of each guest. Acting as the coordinator for each party, our guest services team strives to provide experiences with the highest satisfaction possible.
